Hockey Fans Had Real Treat on New Year's Day

Bearcats and Canadians Met Here and Local Supporters Saw Home Team Win

Hockey fans were on New Year's Day treated to a spirited hockey game, when the old rivals for honors in the Crow's Nest League met here, and the Coleman Canadians defeated Blaimore Bearcats by 5-1. The visitors have suffered in the loss of their old forward line, and their new recruits do not measure up to the same standard as those of Coleman.

Blaimore was outclassed throughout the game, their forward line lacking combination of former years and beyond a single goal scored by Oakes in the first period, they never again sagged the help.

Nineteen shots were rained on Blaimore's goal in the first period, Joyce, new defense player for Coleman, and Lilya, one of the younger players who for two seasons has played on the home team, each scoring. Blaimore had twelve shots on Coleman goal checked up for their team. No penalties were incurred in the first period.

Youngsters Star
In the second period the three young players on Coleman's forward line who this year graduated from "kid" hockey, having last year played on the Aces, Coleman's junior team, namely Fraser, Oliva and Patterson, showed that they are destined to play an important part in Crow hockey this season, and Manager Walter Scott of Blaimore was feeling none too jubilant as his squad took their ten minutes rest, for the Bearcats failed to score. Oliva and the veteran player-manager, Bill Gate, each notched a goal for Coleman in this period, and the check-up showed that Coleman's goalie had saved thirteen shots against Blaimore's ten.

In the third period young Bill Fraser, playing at center, scored on a pass from Patterson, making a total of 5-1. The ice was on the soft side, but a speedy game was played, and Coleman fans went wild over the success of the home team, as the Canadians and the Bearcats have for several years been very keen contenders for league championship honors.

No penalties were incurred in the first period. In the second Manson of Blaimore drew one minute. In the third Joyce, Oliva and Gardner of Coleman each were one minute in the penalty box. Lou Clary of Coleman, refereed.

The Line-up
Blaimore—Makin, goal; Manson, Vangosinoven, defense; Oakes, Evans, N. Anderson, Tony Veiprava, McKay, P. Anderson, forwards.
Coleman—Cologrosso, goal; Joyce, Gardner, defense; Fraser, Patterson, Oliva, Gate, Lilya, Jenkins, forwards.

Coleman Defeated Pincher

Coleman and Pincher Creek played here on Friday night, when the Canadians won by a score of 3-0. The line-up was the same as in the game on New Year's day against Blaimore. The first period was scoreless, and Joyce and Fraser of Coleman were penalized one minute each.

In the second, Coleman opened the scoring, Jenkins placing the puck on a pass from Gate. Oliva scored on a perfect pass from Fraser, and Joyce scored the third goal on a solo. Penalties in the second period were Wilson and Spooner of Pincher, a minute each.

Young People Stage Play

A group of six young people of St. Alban's church staged a very interesting play entitled "Wanted—Confidential Clerk," in the parish hall on Tuesday of last week, in aid of the choir funds. The director was T. Elgar Roberts, and the cast included Gilbert Hoyle as John, Irish servant; Isabel Atkin as Mary Ann Dubba, shipping agent; Stanley Atkinson as Horatio Lushington, a poor man; Lyman Borden as Chas. Valentine, a society gentleman; Margaret Owen as Sarah Sharp, a domineering person, and Jack Rushton as Dalton, a gentleman.

Credit is due to Mr. Roberts for the success of the play, and it is probable that another will be staged by the same group.

Notice!

The Ladies Auxiliary of St. Paul's United church will hold a Valentine Tea, Pantry Table and Apron Sale on Saturday, February 14th, in the club room from 3 to 6 p.m. Keep this date open.

In the third period Pincher tried hard to score, but could not beat Coleman defense by Gardner and Joyce. Hank LeVasseur drew two penalties. The game was refereed by Lou Clary. The ice was in poor condition, making it hard work for both teams.

Coleman 2, Bellevue 1

Coleman Canadians, in their concluding game of the first half of the Crow League series, defeated Bellevue Bulldogs on Monday evening by a score of 2-1. Gardner, Coleman defense player, opened the scoring very shortly after the start of the game by a solo swoop down the ice. Coleman's sub forwards, Fraser, Patterson and Oliva, were considerably handicapped on heavy ice, the Bulldogs having a much heavier team who were able to endure the heavy going with much less fatigue than their lighter opponents.

The second period was scoreless and without incident. Joyce of Coleman and B. Fisher of Bellevue were each penalized one minute.

In the third Lilya scored, followed shortly after by Jenkins, which was disallowed, being offside. Bellevue protested both goals, but only one was allowed by the referee. Hallworth scored the only goal of the game for the Bulldogs, with a long shot from the left wing more than half the length of the rink. Cologrosso, Coleman goalie, never saw it, and it was a surprise shot to players and fans alike.

Joyce of Coleman incurred the only penalty in the third period. Shooting of both sides was very inaccurate, the ice being soft and slushy in places. Gate, Lilya and Jenkins played up well on Coleman's forward line, and Joyce and Gardner on defense saved many attacks on their goal during the time the lighter shots were on.

Bellevue team played a good game throughout, though lacking in combination. In size and weight they had a distinct advantage on heavy ice, but except for the chance shot of Hallworth, they did not land the puck between the goalposts.

The line-up:—Bellevue: Amos, goal; J. Allop, Charlesworth, defense; C. Fisher, B. Fisher, Alexander, Bonne, Litherland, Hallworth, forwards.
Coleman: Cologrosso, goal; Joyce, Gardner, defense; Fraser, Patterson, Oliva, Gate, Lilya, Jenkins, forwards.

Lou Clary of Coleman, referee.

Masonic Lodges of Pass Installed Their Officers on Monday

Evening Concluded With Banquet Splendidly Served By Ladies of Eastern Star Lodge

Members of Masonic lodges from Hillcrest, Blaimore and Coleman met here on Monday evening for the annual installation of officers, which was carried through with despatch. Presentations of past masters' jewels were made to W. L. Rippon, a past master of Summit lodge, and to W. Robinson, a past master of Hillcrest lodge.

Following the installation, the members moved over to the Knights of Pythias hall, where a banquet was served by a committee of ladies of Minerva Chapter, O.E.S., under the covenorship of Mrs. R. Evans, being Mesdames Rippon, Jackson, Cox, Walker and Dickson.

Toasts at the banquet were to "The King," the Grand Lodge of Alberta, proposed by Bro. Harper and responded to by G. Cruickshank, P.G.M.; and the oldest past grand lodge officer present, Bro. A. Cameron, was called on by the toastmaster, Bro. A. E. Graham, for a few words. Mr. Cameron referred to the many changes in membership and the new faces in the various lodges since he had been district deputy grand master in 1912.

The evening concluded with a toast to "The Ladies," in which Bro. Cockick of Hillcrest gallantly responded in very humorous style. The singing of "Auld Lang Syne" brought a very enjoyable evening to a close at 12:30.

Summit Lodge Officers:
W.M. — Arthur Errol Graham
S.W. — Sidney Chas Short
J.W. — William Henry Garner
Treas. — Joseph Emmerson
Sect'y. — Maurice W. Cooke
Tyler — William Leighton Rippon
S.D. — William Lawless Borrows
S.S. — Allan James Brown
J.S. — Robert Wesley Vincent
Chap. — Alfred Leonard Watkins
D. of C. — James O. C. McDonald
Org. — Herbert Thomas Halliwell

Palace Theatre Coming Attractions

This week end, William Powell in "For the Defence," another powerful love drama hit.

Mon., Tues. and Wed. next, Richard Barthelmess, in the sensation of the century, "Son of the Gods."

Dates not yet announced—watch for them:
Marilyn Miller in "Sally," in which Joe E. Brown again appears
"Bride of the Regiment," a romantic comedy.
John Barrymore in "Moby Dick."
"Tom Sawyer," a coast to coast thriller.
"Morrocco," with Gary Cooper, Marlene Dietrich and Adolphe Menjou.
"The Widow from Chicago," a Warner Bros. amazing drama.
You always see the best at the Palace.

Mr. and Mrs. L. L. Morgan, of Blaimore, and Mr. and Mrs. Richard Morgan, of Pincher Creek, left yesterday on an extended holiday trip to southern points—Enterprise.

Adam Walker won the first prize in the billiard tournament at the Rialto pool room next to the Coleman hotel, and Bert Pryde won second prize. Fred Hirst was first in the new year's snooker tournament.

Lethbridge Takes Action on Red Trail

Delegates From Boards of Trade Convened to Discuss Completion of Same

Alex. M. Morrison and Dr. R. P. Borden represented Coleman Board of Trade at a meeting called for Wednesday by Lethbridge Board of Trade at the Marquis hotel, to take up the matter of gravelling the Red Trail from Taber to Medicine Hat.

The object of the meeting was to press for the completion of the 65 miles yet unfinished. The telegram sent up by Lethbridge board states: "Hon O. L. McPherson has announced Medicine Hat to Calgary road to be first completed. This means Crow's Nest scenic route and Waterton National Park cut out of picture. There is only 65 miles of gravel to put on the transcontinental Red Trail."

Blaimore sent delegates to the meeting.

Life in Yukon and Pictures on Gold Rush

Rev. R. W. Hibbert, of the Religious Education Council of Alberta, will address a public meeting on Jan. 12 in the United church at 8 p.m. He will speak on life in the Yukon, having spent five years in Dawson city, and the address will be illustrated by lantern slides on life in the Yukon and the famous gold rush of '98.

The meeting, held under the auspices of the Young People's League, is open to the public, and a silver collection will be taken. It is hoped there will be a large attendance, as the proceeds of the evening are to be used in assisting ministers in prairie appointments who are experiencing difficulties during the period of depression which is general throughout the country.

John C. Cox Resigns

John C. Cox, who for 13 years has been pit boss at the International mine, has resigned, and will be leaving Coleman at the end of January. He commenced work with the company in 1910, coming from South Wales, and has been an efficient official and well liked. During his years with the company he has seen much development here and extensive and costly additions in equipment to the surface plant.

No definite plans have been made by Mr. Cox as to where he will settle, as he intends travelling for awhile. His 20 years of service with the International company is a good record of faithful and painstaking attention to duty at all times. Desire for a change is reason for resigning.

Ed. Driver, Jr. Killed

A telegram arrived yesterday afternoon informing Mr. and Mrs. Driver of the death of their oldest son Edward, aged 20 years, who was killed in a locomotive collision whilst employed by the West Kootenay Power & Light Co., at Granite, near Nelson.

The wire stated that the body would be held awaiting instructions. This young man formerly worked for the East Kootenay Power Co., driving the car in use at the plant at Crow's Nest Lake. He went to Nelson last May. For a time he attended high school in Coleman.

The sympathy of many friends in the community is expressed for the family in their sorrow.

Post-Office Hours

On January 1 according to the new schedule, Train No. 11 from the east arrives at Coleman at 10:52 a.m. Owing to this change the wickets in the local post office will be closed from 10:45 a.m. until the mail is sorted. Patrons are advised that it takes from 45 minutes to one hour to distribute the morning mail, in which case it would be advisable to those receiving mail through the general delivery, not to call until after that period.

The night train from the west arrives at the same time as heretofore, 10:41 p.m. and mail should be posted for the east not later than 10:00 p.m. in either the inside or outside letter boxes.

Town Council Received Acknowledgement

The following letter was received by Mayor Moores from Chellia N. Galer, son of the late H. N. Galer, formerly of Coleman, who died in Vancouver in December.

"It was extremely kind and thoughtful of the town council and friends to send the truly beautiful floral token as an expression of your regard for my father and I am most deeply grateful. He passed on in harness, and with a smile of contentment on his face which may possibly have been a recollection of his wonderful friends—the old-timers in Coleman."

Sincerely yours,
Chellia N. Galer

ST. ALBAN'S CHURCH

11 a.m. Holy Communion and Sermon, at which the Bishop of Calgary will be the celebrant and preacher.

12:30 p.m. Sunday School.
There will be a public meeting in St. Luke's hall, opposite Greenhill hotel, Blaimore, on Sunday at 3 p.m., at which the Bishop of Calgary will give an address on Lambeth Conference. A cordial invitation is extended to all who would like to hear the Bishop's message.

Coleman Defeats Blaimore

Coleman Canadians defeated Blaimore last evening at Blaimore by a score of 7-6. Many from here went down to see the game.

Oddfellows and Rebekahs Hold Joint Installation Here

Evening Concluded With Supper and Dance—Visitors Here From Other Lodges

Victoria Rebekah Lodge and I. O. O. F. No. 86 held a joint installation on Monday evening. A. McCrency, D.D.G.M., and several officers of the Oddfellows, and Mrs. R. Evans, D.D.G.P., assisted by Sister McVey, D.M., of Blaimore; Sister Jackson, D.W., of Bellevue; Sister Fraser of Blaimore, Sister May of Bellevue, Sister Archer of Blaimore, Sister Hope of Coleman, and Sister W. Hoggan of Coleman as pianist, installed the Rebekah officers.

Visitors were present from Cowley, Bellevue and Blaimore. Later a supper was served and dancing was continued till early a.m. Mason's orchestra playing.

Rebekah Lodge No. 7 Officers
N.G. — Sister J. Shields
V.G. — Sister A. Bowling
F.S. — Sister T. Higginbottom
Warden — Sister I. Nielson
Conductor — Sister S. Campbell
Chaplain — Sister J. Yates
R.S.N.G. — Sister E. Ford
L.S.N.G. — Sister T. Bowen
R.S.V.G. — Sister G. Hope
L.S.V.G. — Sister W. Hoggan
I.G. — Sister F. Cox
O.G. — Bro. H. Vincent
Pianist — Sister F. Stokes

Oddfellows Lodge No. 36 Officers
N.G. — Bro. J. D'Andrea
V.G. — Bro. A. Destolli
R.S. — Bro. W. L. Watkins
F.S. — Bro. G. Greenhalgh
Treas. — Bro. F. Stokes
Warden — Bro. H. Vincent
Chaplain — Bro. H. Routon
R.S.N.G. — Bro. McKen Hunter
L.S.N.G. — Bro. R. Rogers
R.S.V.G. — Bro. W. Hoggan
L.S.V.G. — Bro. Joe Plante
I.G. — Bro. Robert Evans

On Saturday night at the weekly whist drive of the Rebekah Lodge the prize winners were Mrs. S. Milley, Mrs. Nash, Tom Hill and Clarence Petrie. These weekly meetings continue to draw a crowd, 18 tables being in play on Saturday.

The Fight For Peace

Living, as we do, in the fourth decade of the twentieth century of the Christian era, and more than twelve years after the close of the war to end all war, the huge armaments maintained by the more civilized countries of the world continue to be a menace to the future peace of the world, and to falsify the many professions of "a will to peace" voiced by the leading statesmen of the world.

Great as the inconsistency of all nations appears to be, the inconsistency, in fact the blatant hypocrisy, of Soviet Russia stands out over and above all other countries. Here is a republic, a people's government, founded as a result of a revolt against the military government of the former Czar, preaching the doctrine of world brotherhood, yet maintaining and rapidly increasing the most powerful army in the world.

Recently one of the important illustrated papers in Berlin, Germany, presented pictorially the relative strengths of the armies of Europe and the extent of their war equipment. It reveals the fact that the present peace strength of the Russian army is 1,200,000 men, or almost double that of the next largest European army, that of France with 650,700 men, Italy coming third with about the same number, 638,300.

Russia, with its 1,200,000 able-bodied men withdrawn from productive occupations, is, at the same time, short of man-power to carry out its ambitious five-year programme, and we find Pravda, the official organ of the Communist Party, urging the recruiting of women as one means of solving the Soviet Union's growing labor problem. More than 2,000,000 additional workers are needed in 1931, says this official Government organ, to carry out huge projects of the five-year plan. After pointing out that six million women are engaged in household duties in Russian cities, it advocates securing the required labor from this source, while 1,200,000 men are kept "marking time" in a so-called peace-time army. What a travesty, what a tragedy! What denial of all the principles for which the Communist party throughout the world, with its denunciations of capitalist governments supported by armies, professes to stand.

And how is this huge Russian army equipped? With 600 heavy guns, or 200 more than Great Britain; 2,400 light guns, or more than any other country in the world; and 700 more than Great Britain; 23,000 machine guns, or 10,000 more than Great Britain; with 250 tanks, compared with 200 in Great Britain; and 1,400 war aeroplanes, or only 147 less than Great Britain, with its world-encircling empire to patrol and defend.

And whom has Russia to fear? Her nearest and most powerful neighbor, Germany, was disarmed by the Treaty of Versailles, left with an army of only 100,000 men for the maintenance of peace at home, permitted to have no heavy guns, only 288 light guns, less than 2,000 machine guns, no war aeroplanes, no tanks.

And because Communist Russia maintains, and is increasing and strengthening its huge army, and conducts a persistent propaganda in other countries against all forms of established government except their own, and continues to preach a world revolution, the other nations of Europe feel they, too, must remain armed to the teeth. The result is that Europe remains an armed camp.

The Great War taught us that, removed though Canada may be from the Old World nations, we cannot be indifferent to the situation existing. Should the scourge of war again sweep Europe, we, too, would be the sufferers. It cannot be otherwise.

The greatest present guarantee of the maintenance of peace is to be found in the League of Nations. It has prevented more than one outbreak since 1918. The real strength of the League of Nations is to be found in another league, the British Commonwealth of Nations. They are the backbone of the greater world league.

Maintenance of the League of Nations costs Canada approximately a quarter of a million dollars a year. Some people think it costs us too much, but what is a quarter of a million annually for ten million people in comparison to the annual cost to them resulting from the Great War in national debt, pensions to disabled men, soldiers' hospitalization, and other schemes, and sundry other expenses running into millions of dollars annually?

Every Canadian, therefore, should be an enthusiastic supporter of the League of Nations. No vote of money by Parliament should be more heartily approved than the vote to maintain the League. Not only so, but every Canadian should be a booster for the League, and should exert his or her personal influence to the end that Canada will always be found to be one of the staunchest upholders of the League of Nations at all times.

Met the King and Queen

Granny Peters Never Thought She'd Live To See the Day

Granny Peters has lived all her 77 years in the mean streets of London's east end—and her cup runneth over.

For she has met the King and Queen, had a cup of tea with the Queen and Princess Mary, shaken hands with Princess Deixie and now she has shaken hands and had a talk with the Prince of Wales.

The Prince, visiting the settlement, saw a movie of Granny being presented to the Queen. "I'd like to meet her," he said.

"I never thought I'd live to see this day," wept Granny.

Good judgment is the basis of all success.

Built For Missionary Work

Contributions Of Children Paid For Cost Of Sailing Vessel

In these days, when sail is fast vanishing from the seas of the world, every sailing ship is romantic, but there is a special romance attached to the "John Williams V.," a three-masted sailing ship, with auxiliary Diesel engines, that recently sailed from London for the South Sea. The "John Williams V." has been built for the London Missionary Society, practically the whole of her cost being met by the pennies contributed by children in the Congregational Churches of Britain. It is named after a pioneer missionary who was murdered in the New Hebrides. There are quite a number of missionary ships in various parts of the world, one of the most famous being the "Strathcona II.," in which Sir Wilfrid Grenfell visits the settlements on the bleak Labrador coast on his errands of mercy. The "Strathcona II." is a hospital steamer, and her annual cruises are among the most notable examples of practical Christianity in the world today.

Users Of Canadian Lime

The principal consumers of Canadian lime are the chemical and metallurgical industries, pulp mills, and the building trades.

Died From Exposure

Coroner's Jury Brings In Verdict In Connection With Death Of Capt. Burke

Capt. E. J. A. Burke died from starvation and exposure according to a verdict returned by a coroner's jury at White Horse, Yukon. Burke, with two companions, Emil Kadig and Bob Martin, disappeared in October while flying in the Liard River district. They began to mush towards civilization, but Burke collapsed and died November 20. His two companions were finally rescued and brought to White Horse by Pilot E. L. Watson, and Joe Walsh, a prospector, on December 10.

To its finding the coroner's jury added a rider recommending that in future planes in northern British Columbia should be equipped with sufficient food in concentrated form to last for a reasonable period of time, a rifle and 50 rounds of ammunition, and snowshoes for each member of the plane crew. The jury also recommended that pilots be instructed in woodcraft.

A Sinner's Date

October Sixth Has Prominent Place In British Politics

One of the most sinister dates in modern politics is October 6th. Have you even seen the list? On October 6th, 1881, Gladstone denounced Parnell, and on October 6th, 1891, Parnell died. On October 6th, 1896, Rosebery retired from the leadership of the Liberal party, and on October 6th, 1909, he resigned the presidency of the Liberal League. On October 6th, 1891, W. H. Smith was elected to the House of Commons, and on October 6th, 1903, Joseph Chamberlain opened his disastrous tariff reform campaign with his Glasgow speech.

Every woman beyond middle age should realize that a majority of the troubles she has to fear have their origin in what are known as common colds. Each attack lowers her vitality and reduces resistance to disease. At the onset of the year every woman should see that her blood is toned up to meet the rigors of the climate and especially that strength should be restored after any cold, however slight. For this Dr. Williams' Pink Pills are a reliable tonic.

These Pills are not a mere stimulant giving temporary relief. They improve the appetite and digestion and make the users capable of withstanding the rigors of our Fall and Winter.

These Pills are sold by all medicine dealers or by mail at 50 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

Her Day's Work

Miss Kate Ralph of Cromwell, Conn., rises at 5:30 a.m. to do the chores of the thirty-acre farm which she operates, walks three miles to a toy factory where she has worked for sixty-six consecutive years, and on her way home delivers papers along the newspaper route which she started twenty-five years ago. And she has just celebrated her eighty-second birthday!

Perlan Balm creates and preserves lovely and youthful complexions.

Tones and stimulates the skin. Fragrant as a flower. Cool as morning dew. Swiftly absorbed by the tissues, making the skin soft and beautiful. Unrivalled as an aid to feminine elegance. Delightful to use. Imparts additional charm to the fairest of women. Perlan Balm is the one toilet requisite for the exacting woman. Peerless as a beauty-aid.

Plan Canadian-U.S. Air Line To East

To Carry Mail and Express Via Alaska and Russia To China and Japan

A direct air mail and trade route to China and Japan through Alaska and Soviet Russia is the next big objective of the Post Office Department. Mutual operation of this route by Canada and the United States is the plan.

Assistant Postmaster Glover reported the Post Office departments of both Canada and the United States had given the proposed line to the Far East careful study, and had agreed they had no intention to "stand idly by and permit this opportunity for a direct hook-up with the Far East to be supplied by any other countries."

The mass of mail available for such a run, he contended, would justify its establishment, since letters from Great Britain to the Far East would reach China and Japan two weeks earlier thereby.

Glover said the extreme cold would not deter aviators. "Canada is now flying the mails at 20 degrees below zero when there's six feet of snow on the ground, with more night-flying, less delays than we have."

He added that a great number of small packages also would be sent to the Orient by air mail.

Recipes For This Week

(By Betty Barclay)

PIN WHEEL BISCUITS

2 cups special cake flour, sifted.
 4 teaspoons baking powder.
 1/2 teaspoon salt.

4 tablespoons butter or other shortening.
 1/2 cup milk.

4 tablespoons butter, creamed.
 1/2 cup brown sugar.
 1/2 cup pecan meats, chopped.

Sift flour once, measure, add baking powder and salt, and sift again.

Cut in shortening. Place in greased muffin pans cut-sides up. Bake in moderate oven (375 degrees Fahrenheit) 30 minutes. Makes 12 biscuits.

MOLDED FRUIT SALAD

1 package lemon flavored gelatine.
 1 pint boiling water.

6 slices canned pineapple, diced and drained.
 2 tart apples, pared and diced.
 2 bananas, diced.

Crisp lettuce.
 Dissolve gelatine in boiling water. Pour small amount into mold. Chill.

When ready to use, pour remaining gelatine is slightly thickened, pour over fruits. Chill until firm. Unmold on lettuce. Garnish with mayonnaise. Serves 8.

University of Alberta

The enrollment of students at the University of Alberta this year is larger by about 75 students than last year, according to Dr. R. C. Wallace, president of the university. The attendance is over 1,600, and is continually growing.

Many Unclaimed Medals

Department Of National Defence Has Large Number Still On Hand

The number of medals in the custody of the records branch of the Department of National Defence is gradually diminishing, but the number on hand is still large. The present addresses of many of the men who served in the Great War and who are entitled to the medals are unknown. Of the 66,104 "1914-15 stars" received for distribution, 1,660 still await claimants. Over 200 were issued in the past year.

A total of 415,645 British war medals were distributed for members of the Canadian expeditionary forces, and of these 55,932 are still unissued.

The records branch has found it impossible up to the present to locate 33,224 men entitled to the victory medal, out of a total of 60,292 that were earned. Of these medals, 5,861 were disposed of during the last twelve months.

Ice From The Tropics

Product Of Carbon Dioxide Found In Oil Fields Of Mexico

And now they're importing ice from the tropics.

It is a product of carbon dioxide gas found in wells of the Tampico, Mexico, oil fields, flowing to the surface at a pressure of 1,000 pounds to the square inch. The information is contained in a bulletin of the United States navy department's bureau of engineering.

A New York concern has erected a factory which solidifies the gas into "sub-zero" ice. It has a capacity of 40,000 pounds a day. Vessels with insulated chambers of cork board a foot-thick will bring the ice to the United States.

Retires From Board

Col. Vlen, K.C., Severs Connection With Board Of Railway Commissioners

Col. Thomas Vlen, K.C., deputy chair-commissioner of the board of railway commissioners for Canada, announced his retirement from the government service. He plans to resume his law practice in Montreal.

Col. Vlen was active in politics before he was appointed to the board of railway commissioners five years ago. He represented the constituency of Lethbridge, Quebec, as Liberal member for several years. He was elected first for that riding in 1917, and was re-elected in 1921.

Cuts and Bruises Disappear.—When suffering from cuts, scratches, bruises, sprains, sore throat or chest and any similar ailment, use Dr. Thomas' Electric Oil. Its healing power is well-known in every section of the community. A bottle of Dr. Thomas' Electric Oil may always be in every medicine chest ready for the emergencies that may always be anticipated.

Magnesia Best for Your Indigestion

Most people who suffer, either occasionally or chronically, from gas, sourness and indigestion, have now discovered dissolvable diets, stomach tonics, medicines and artificial digestants, and instead take a teaspoonful or four tablets of Blasted Magnesia after meals with the result that their stomachs no longer trouble them. They are able to eat as they please and they enjoy much better health. Those who use the Blasted Magnesia never know the discomfort of indigestion because they know the Blasted Magnesia will instantly neutralize the stomach acidity, sweeten the stomach, prevent food fermentation, and multiply digestion energy. Try this plan yourself, but be certain to get Blasted Magnesia especially prepared for stomach use.

Growing Industry In Britain

Electrical Trade Is Carrying Competition Into Foreign Lands

Obsolete machinery and out-of-date methods are often advanced as reasons why British factories run at reduced time and with depleted staffs. But there is one industry which does not fit into that discouraging picture. The British electrical trade is not only meeting foreign competition but is carrying competition into foreign lands.

The United States and Germany are Britain's chief competitors in this field. United States exports of electrical goods have dropped ten per cent, and German exports five per cent, in 1930, as compared with 1929. Unemployment in electrical trades in the United States stands at 25 per cent, and in Germany at 30 per cent. British factories are working full time with full staffs, and by the close of the year it is anticipated that Britain will lead the world as an exporter of electrical goods.

Recently a large contract in Copenhagen was captured by a British firm under the very nose of German competition, while a Newcastle firm has demonstrated that it is possible to do a very good business in the United States in spite of the high tariff wall. The reason that is given is that British producers are five years ahead of their competitors in technical and scientific development. In certain kinds of electrical gear a virtual world monopoly is being created.

Electrical goods and appliances were the only British manufactures to show an increase in exports in September. This trade has blazed the way out of the slough of unemployment.

Canadian Newspaper

Newspaper made up 85.2 per cent of the total reported tonnage of paper manufactured in Canada in 1929. The amount was 2,725,331 tons as compared with 2,414,393 tons in 1928.

A Private Income of \$100 a month for Life

... from age 55!

IF IN GOOD HEALTH
—\$100 A MONTH.

IF IN ILL HEALTH
—\$100 A MONTH.

IN CASE OF DEATH
—\$10,000 CASH.

Just picture it.

At 55, while still well and vigorous, to come into a private income (over and above other revenues), guaranteed for the rest of your life, of \$100 a month. You simply make yearly or half-yearly deposits of an agreed amount for a specified period, at the end of which you begin to receive a monthly income for life.

That's only part of the story.

If, meanwhile, through sickness or accident you should become totally disabled, you cease paying premiums and receive \$100 a month during such disability. At age 55, the regular income of \$100 a month, unimpaired, comes into effect.

Look how your family is protected. Should you die at any time before reaching 55, your family receives \$10,000.

This is but one example of a variety of plans which the Sun Life of Canada has for every age, condition, and amount. Fill in and forward this form (which involves you in no obligation) and exact figures suited to your individual need will be sent you.

NOTES AND COMMENTS

Here is a little information intended to prevent misunderstanding as to the difference between news and advertising. News is, generally speaking, a printed record in newspapers of happenings of general interest. If a person asks a newspaper to insert an announcement that a certain event is to take place, and at which an admission charge is to be made, that is an advertisement, and is as deserving of payment as the admission charge which is advertised. There should be no difficulty in discerning the difference. Remember that a newspaper must derive revenue if it is to continue in business.

The smaller circle one moves in, the narrower is the extent of one's mental horizon in regard to others. Instead of harping on the little weaknesses of others, how much more pleasant life would be if their good qualities were enlarged on, and what a heap of unnecessary trouble would be avoided. Life is but a short span considered in terms of centuries; therefore to live a useful and happy life, there is no time to waste in thinking and speaking evil of others. Everyone reaps in life just what they sow, and this law applies to all. Life is full of opportunities to be kind, and in practising the golden rule, a wealth of happiness may be obtained.

The men and women who are of value to a community are those who will give ungrudgingly of their time in helping anything that is a benefit to the town in which they live. It may be on the council, the school board, board of trade or taking part in church or other organized effort which has value for all the people. Activity in these lines reflects itself very quickly in a community, large or small. That is why some places are so much ahead of others, and are regarded as worth-while places in which to live and work. It is the combined efforts of willing workers which makes them so.

Personal and Local

Max Stegler went to Calgary on Monday to attend a convention of District 18 of the United Mine Workers of America.

Reid Sweet, of Vancouver, spent the Christmas holidays with his sister, Mrs. Geo. Neil and Mr. Neil, and returned on New Year's night.

As a result of a general mix up among a number of men in West Coleman over the week-end, a number are appearing in court today before Magistrate Gresham.

Mrs. J. Derbyshire entertained on Tuesday evening in honor of Miss Jean Hughes, who leaves on Friday night to go in training at the University Hospital, Edmonton.

Mr and Mrs. A. M. Morrison and daughter Ruth, and Dr. and Mrs. R. P. Borden, went to Lethbridge on Tuesday to attend the performance of the play "Mari-gold."

Mr. and Mrs. John Kinnear of Calgary motored from that city to spend a day or two here visiting relatives. Mrs. Fairfull accompanied them back to Calgary, and Miss Agnes Kellock, who has returned to resume her studies at Mount Royal College, after spending the Christmas holidays with her parents.

Flames west of York Creek on Sunday evening about 6 p.m. attracted considerable attention in town. Enquiries at the local police office failed to show any report having been received. It is reported that some old buildings used as a lumber camp had been destroyed, but no particulars could be obtained.

St. Alban's choir, under the direction of T. Elgar Roberts, sang an anthem and Christmas carols at the service on Sunday night. The soloists were Mrs. Blower and Mrs. Fisher, and the younger members took part in some very pretty quartettes. The organist was Mrs. Clifford. Their musical selections were appreciated by the congregation.

MODERATION OR PROHIBITION ?

The Moderation League of Alberta, an incorporated body by Act of the Provincial Legislature, claims that moderation is the only safe solution to the liquor problem; and further claims that moderation is exemplified in the present Liquor Control Act of Alberta, which takes nothing from the rights and freedom of the people, preserves the dignity and respect of the laws of the country, and protects the weak from their own folly.

DO NOT SIGN the Prohibition Petition

Moderation League of Alberta, Inc.
